# JONGLEUR GD

---

N° FR 36 15 415 590

Born 05/11/14

Cow-calf Breeder : GAEC PIN (36)

Owner : GENES DIFFUSION

## Strength, Birth and Stock Replacement

- Mixed type of bull combining the frame and muscle strength in the back and in the hindquarters
- Result of prestigious genetic combination of morphology and production thanks to the brood crossing from the breedings BROS (19) and BENOIT (36)
- With birth weight 43 kg, JONGLEUR GD profits from ancestry favourable in birth ease (IFNAIS Fix = 107 and IFNAIS Eloge = 108), enabling him to be used both on cows and heifers
- His dam qualified RRE (Recommended Elite Reproducer) , and classified 113 in ALait (calving ability) , 120 in IVMAT (Total Merit Index for direct and maternal effect at weaning), 119 in ISU and top in fertility with the IVV (interval calving-calving) average of 344 days after 4 calves, submits the serious guarantees of expected stock replacement.
